Paper under disposal I.

1. The Consolidated statement accompanying Sl. no. 9 shows the present and the proposed scales of the two Offices. Of the additional expenditure of Rs $273\frac{1}{4}$ p.m. calculated by the Comptroller as the financial effect of the proposition, Rs $18\frac{3}{4}$ are on account of the Stamp Manufactory and Rs $254\frac{1}{2}$ on account of the Stamp Supt's Office.

I Stamp Manufactory:-

2. Supervisor's pay:- This is proposed to be raised from Rs 50-5-75 to Rs 100-25-150; and the designation of the official is proposed to be altered to 'Assistant Superintendent'. S.R file* 13-05 (Sls 536) in which the Supervisor's present pay was fixed is put up. The proposal then was to fix it at Rs 80-10-120, but Govt sanctioned only Rs 50-5-75. Mr Yates subsequently recommended that the grade suggested by him may be sanctioned, but the papers were kept by pending the settlement of the question of the manufacture of new Stamps. Kind attention is invited to S.R. 4-10 put up.

3 Retention of a portion of the Stock Branch Estabt: Though the stock of plain paper for manufacturing stamps is to be transferred to the office of the Supdt of Stamps, the Supdt of the Manufactory can spare only the Store keeper and the Accountant to the latter office, and wants to retain the Cashier on Rs 15/- & the Mutchi & book binder on Rs 12/-, vide page 3 of the Stamp Com's letter no. 466 dy 27-2-14.

4 Looking at the establishment of the manufacturing branch, it will be seen that there is to be no reduction in its strength, in spite of the introduction of improved machinery for printing stamps and also machinery for cutting, perforating and gumming. On the other hand two hands are to be retained out of the Stock branch estabt for counting paper, as mentioned in the above paragraph.

II Stamp Superintendent's Office:

5 Supervisor's Pay: The present pay of the Supervisor's post is Rs 50-5-60. In 1906 Mr Krishna Iyer, the then Supdt, recommended that the pay of the post may be fixed at Rs 80-10-120, but the question was kept by pending arrangements for the manufacture of new stamps. Kind reference is however invited to Mr Sparke's unofficial opinion dy 2-9-1907 and the Secretary's remarks thereon.

on page 8 of the office notes in S.R. 77-06. The proposal now made is to raise the pay of the Supervisor to Rs. 80-10-130. No change in the designation is suggested as in the case of the Stamp Manufactory.

6. Other items of change in the Issue branch of the Stamp Supdt's office. These are:-

(i) Increase of pay of the accountant from Rs. 20-5-25 to Rs. 25-3-40;

(ii) Increase of pay of the press farman from Rs. 10-2-12 to 12-1-17;

(iii) Replacing the mutchi and despatcher on 10-2-12 by an Issue & despatching clerk on Rs. 15-1-20;

(iv) Addition of a press man & 2 Caunters;

(v) Two additional peons on Rs. 7/ each and one pharash on Rs. 6/.

These proposals are slightly different from those made in 1906 (vide proposition statement annexed to Comptroller's letter no. 4896/757 dt. 5.3.1907). Some of the said items are discussed on page 8 of the notes in S.R. 77-06.

7. Stock Branch Establishment:

This is proposed to be constituted as follows:-

(i) Store Keeper and Accountant to be transferred from the Manufactory.

(ii) Appointment of a Caunter and a Mutchi

in place of those retained in the Stamp Manufactory;

(iii) Confirming the temporary establishment now entertained in the manufactory and taking it on to the Stamp Supdt's Office.

As thus constituted, the staff of the Stock Branch of the Stamp Supdt's Office is to stand thus:—

2 Counters on 12-1-15; 1 Counter on 10-1-12; 1 counter & Mutchi on 10-1-12; 1 packer on Rs 8.

9. The net addition to recurring expenditure involved by these proposals is Rs 273¼ per month as calculated by the Comptr. The Stamp Manufactory takes up Rs 18¾ p.m. and the Stamp Superintendent's office Rs 254½ per month.

10. The Stamp Manufactory — The transfer of the Stock Branch from the Stamp Manufactory to the Stamp Superintendent's office ought to reduce the work and responsibility of the Asst Supt of the Manufactory and correspondingly increase the work and responsibility of Supervisor of the office of the Supt of Stamps.

I agree. Besides, there is a serious charge now being investigated against the present incumbent. M 15/5

Consequently there is no good reason to increase the pay of the former to such a high figure as 100-25-150. Nor is there any reason to increase it beyond what it exists now.

11 After abolition of the Stock branch in the Stamp Manufactory the work of Counting, etc., can be done by the other staff and there is no necessity to retain the services of the Counter and the Munshi. Further unlike the old machinery the new stamping machinery is said to be self-inking, self-perforating, etc. There will therefore be no necessity to retain

(1) the perforator,
(2) the baller,
(3) the wheeler, and
(4) the inkman,

at all events at its present strength. The services of some of these at least are superfluous and may be dispensed with. If however it is considered necessary to retain them they may be asked to do some of the duties of the Munshi and the Counter in addition to their own, thus facilitating the transfer of the Munshi and the Counter to the Stamp Superintendent's office without any inconvenience to the work of the Stamp Manufactory.

I agree that the counter & Munshi of the Stock Branch must go to the Stamp Supdt along with the stock. It has subsequently transpired that the Munshi was used as a private servant of the Supervisor. M 15/5

Stamp Superintendents' Office.

12 If the stock Branch is transferred to this Office as a whole, as stated in the previous paragraph, there will be no necessity to entertain a counter and a Mutchi to this Branch. This will reduce the proposed additional cost by Rs 23½ per month.

13 It is not clear if the new method of work in the Issue Branch of the Stamp Superintendents' office requires so many as 6 pressmen and a Press Foreman. What the additional work is has not been stated. If there is really additional work (apart from that of the Stock Branch) there is no objection to the addition of a Pressman and 2 Counters who can attend to some work in the Stock Branch also. Perhaps the best solution would be to appoint some persons temporary till the issue of the new design is furnished and then keep a smaller number permanently.

14 The addition of 2 peons on Rs 7/- each and a pharash on Rs 6/- to the Issue Branch may be utilized for work in the Stock Branch also as this is located in the Stamp Sup^{ts} Office. It will thus be seen

Besides the counter & the Mutchi 2 peons one of on Rs 7/- & another on Rs 6/- must also come to the Stamp Supts office with the stock branch. One peon & one sweeper will be supernumerary for the Manufactory under the new arrangements. JM 15/5

As the preceding note of the F. D. does not deal with the proposals one by one systematically I give my opinion separately below in respect of each proposal: (The references are to the statement attached to Stamp Commr's letter of 10.3.14)

(1) Stamp Manufactory

Manufacturing Branch

1) For the reason stated in F. D. note above I do not think the Supervisors status & pay need be raised.

2) The Accountant's work ~~is complex to that~~ will be light & simple under the new system ~~of check over the number of sheets~~ & no increase is called for.

3) Of the 3 peons & 1 Sweeper shown in the statement under Stock branch, One peon & the Sweeper should be retained in the Manufacturing Branch, 2 peons going to Stamp Supdt with the Stock.

(2) Office of Supdt of Stamps, Issue Branch

Increase 75 - 59 = 16 — 1) Supervisor's pay may be raised to 60 - 4 80

Increase 36 1/4 - 24 3/4 = 11 1/2 — 2) Accountant's pay maybe raised as proposed. His work is responsible & heavy.

Increase 41 1/4 - 30 = 11 1/4 — 3) One additional Counter maybe given, the pay of 3 counters being fixed as proposed - 15, 12-1-15, 10-1-12

4) Conversion of Mutchi + despatcher on 10-12 to Issue + despatching clerk on 15-20 unnecessary. The work is really Mutchi's work mostly.

B.7. $38\frac{3}{4}$

$13\frac{3}{4} - 11\frac{7}{8} = 1\frac{7}{8}$

5) Press Foreman's pay may be fixed at 10-1-15

6) Instead of one addl peon man on Rs. 9 one peon man on Rs 8/- may be converted into one on Rs 9, so that there may be 5 on 10, 9, ~~8~~, ~~7~~ 7 + 7

$9 - 8 = 1$

7) For 2 addl peons + 1 pharash, only one peon of Rs 7 may be allowed.

Rs 7

$48\frac{5}{8}$

(3) Stamp Supdt's office - Stock branch.

As stated ~~above~~ in the T. D. notes + margin thereof the following establt should come to Stamp Supdt with the Stock:

1 Store Keeper
1 Accountant
1 Mutchi + B-6
1 Counter
2 peons

Only 1 addl counter + mutchi on Rs 10/- need be given.

After the introduction of stamps of new design was decided upon, and new dies and machinery purchased, the Commissioner of Stamps was requested to submit detailed proposals in a consolidated form for the revision of the establishments of the said offices. The proposition statements, duly verified, received with Comptroller's letter No. 6705/B & R 1034 dated 21st April 1914 embody the proposals made by the Stamp Commissioner and involve an extra cost of Rs. 273¼ per mensem.

seen from the foregoing notes in the file that the first proposal of the Stamp Commr was to fix the Scale of pay of the Supervisor at Rs 80-10-130, that the Finl Secy suggested that it may be 60-4-80, and that on the Stamp Supdt stating the latter was inadequate the Asst Secy proposed that it might be fixed at 70-10-100.

To reduce the security of the Supervisor from Rs 5000 to Rs 3000. In G.O. no. 13847-48 / G. 3211 dt 16.2.1893 the Supervisor's security was fixed at Rs 5000, towards which the present Supervisor has deposited Govt of India Pro notes of the value of Rs 2000, and for the balance he has mortgaged a house valued at Rs 10,000. The question of reducing the security has once been discussed, and the notes in the old file put up show that the proposal was not viewed favorably, though definite orders were not passed in the matter. The Duties of the Supervisor are detailed in the Office note dt 25.12.01

in the file put up. In addition it may be mentioned that the responsibility of the Supervisor will be greater hereafter as the stock of paper is to be shortly transferred from the Manufactory to the Stamp Supdt's office. The Supdt of Stamps, however, states that the stamp papers in the Supervisor's custody never at any time approach half the security amount, and that the latter can be reduced to Rs 3,000 without any risk.

While the temporary hands of the Stamp Supdt's office are proposed to be done away with, those of the Stamp Manufactory are proposed to be confirmed. The Superintendent, Stamp Manufactory has all along been urging the need for confirming these men.

The only increases are (1) under Press Foreman for whom S.C. proposes 15-1-20 while Member has allowed 10-1-15. Seeing that 15-1-20 is more than what S.C proposed in the 1st instance, it may perhaps be reduced to 12-1-17 Scale originally proposed by S.C. & (2) under Pressmen for whom 16, 2(9), 3(8) are proposed against 16, 9, 2(8) & 2(7) appeared by the Member. The original Scale proposed by S.C was the same as that accepted by the Member. it is for consideration if this original proposal may not be substituted for what is now proposed.

Sir,

SR 2612-13

In continuation of my letter No. 466 dated 27th February 1914, I have the honor to forward herewith, a consolidated statement, showing the proposals now made by the Superintendents of the Stamp Manufactory and the Superintendent of Stamps, respectively, for the re-organization of their offices. I have satisfied myself that the alterations in the scale of establishment now proposed by the two Superintendents are necessary and request you to kindly obtain sanction of Government to them. In this connection, I may observe that the proposals as now made for the increase in the scale of establishment of the Issue Branch of the Stamp Superintendent's office, are practically identical with those proposed to Government by Mr. Krishna Iyer, when Superintendent of Stamps in the year 1906. The necessity for an increased scale of establishment for this Branch of the Stamp Superintendent's office has now become greater, as the additional work of complying with indents for Copy Stamps and three-pie ~~petition~~ paper will very soon devolve on this establishment.

4. I much regret that I was unable to embody the present proposals in the recommendations detailed in my letter referred to above, and I venture to express the hope that this unfortunate circumstance will not come in the way of the case being given the sympathetic treatment that it deserves. The revenue from Stamps amounted to almost ten lacs last year and taking into consideration the fact, that faking and abuse in the use, of Stamps and consequent loss of revenue are features to be most carefully avoided, it is very necessary that the staff employed in the Manufacture, Stock and Issue of Stamps should be kept above temptation as far as possible, and in the light of this view, the proposals now made seem to me to be pre-eminently deserving of the most favourable consideration at the hands of the Government.

SIR,

I have the honor to forward herewith two Proposition statements in duplicates regarding the revision of "Stamp Manufactory" and "Stamp Superintendent's Office" and to state that the statements have been duly verified by this office. The proposition in respect of the "Stamp Manufactory" is to raise the pay of the Supervisor and Accountant at an aggregate increase of Rs.81½ per mensem, and to transfer the services of the Store-keeper and Accountant of the stock branch of the Manufactory to the Stamp Superintendent's Office thus reducing the above mentioned increase to Rs.18¾ per mensem. The proposition as regards the Stamp Superintendent's Office is to increase the pay of the Supervisor, Accountant and Press Foreman and to entertain some hands in addition to the two men transferred from the Stamp Manufactory. The net extra cost on account of the increases of pay and additional establishment proposed for this office comes to Rs.193¼ per mensem which is increased to 254½ including of the two hands transferred from the Manufactory.

The financial effect of both these propositions is a net addition of Rs.273¼ per mensem or Rs.3,279 per annum to the permanent recurring

SERIAL No. 14

With reference to correspondence ending with your letter No. Fl.6042/S.R.19-13-8 dated 19th June 1914, calling for further --- information in regard to certain points in the matter of the proposed re-organisation of the establishments of the Stamp Manufactory and the Stamp Superintendent's Office, I have the honor to forward herewith copies of letters received - (1. dated 25-6-14) from the Superintendent, Stamp Manufactory, and (2. No. 3 dated 1-7-14) the Superintendent of Stamps respectively - on the subject, and to state that on the several occasions on which I have visited both the Stamp Manufactory and the Stamp Stores, arranged as well as pre- arranged, I have seen for myself what the work is and feel fully convinced that there is a very strong case made out for the favourable consideration of Government. Work has increased and there has been a corresponding expansion of --- Revenue as well with it. The latter is steadily on the rise and, in my opinion, it will be both steady and sustained, for commercial and industrial activities are going ahead. Not only are the increases to salaries recommended reasonable, but the increases to establishment asked for, are also, fully justifiable.

2. I fully endorse the views expressed by the two Superintendents in their letters and hope that this important matter will be so for-

tunate

Office of the Superintendent

Government Stamp Factory,

Dated Bangalore, 25th June'14.

From

C.H. Yates, Esq.,

Superintendent, Government Press, Bangalore.

To

P.Raghavendra Rao, Esq., B.A., B.L.,

Commissioner of Stamps in Mysore, Bangalore.

Sir,

I have the honor to acknowledge receipt of your letter of the 24th inst., No. 675/Enc.1, regarding the reorganisation of the establishment of the Stamp Factory, and drawing my attention to the points raised thereon by the Scretary to Government , General and revenue Departments.

2. In reply thereto I beg to make the following remarks:-

As regards para. 1 in the enclosure, I am of opinion that in view of the report which you have recently submitted to Govt., this point should remain in abeyance, at least for the present time.

3. As to paras 2 & 3, I must point out that the staff of the Factory cannot further be reduced without serious detriment to the work. The fact of the paper Stores being transferred to the Superintendent of Stamps does not lessen ou work: it only increases it. The only relief we get is in receiving the paper from England and issuing it to the factory. In fact we shall still have to send men to the Stores for paper, so that this work remains as before, excep that whereas formerly the paper was issued from one room to an adjoining one we shall, under the new arrangement, have to keep men going to and fro with both blank and printed papers all day long. This means taking men from thei work here and employing them as carriers, whilst their own important work re mains standing. I have been considering the question of asking Govt. for me to be employed for this work only, as it affects the output very considerabl

4. In estimating the work of the Stamp Factory, it must be borne in mind that the work has recently been more than doubled by the introduction of the Copy Stamp papers. The present indent is for five lakhs, all of which have to be printed on both sides, as well as perforated and counted several times

5. Under these circumstances, I think you will see how impossible it is t reduce the establish ment. It is with considerable difficulty that we are

at present able to meet the current ~~demands~~ requirements of the Stamp Superintendent.

I have the honor to be,

Sir,

Your most obedient servant,

(Sd.) C.W. Yates.

(a) Issue Branch.

(1). Whether it is not sufficient if the Supervisor's pay is fixed at Rs.60-4-80 instead of at Rs.80-10-130 as recommended.?.

(1). I think it is not sufficient considering the great responsibility that devolves on him, owing to this office having no independent whol time Officer as its head, but only an Assistant Comptroller who has to do considerable other work, which does not allow him to devote quite as much attention as the growing stamp work demands. Much has therefore to be left to the Supervisor who needs to be very trustworthy and respectably connected, more [illegible] particularly so in a Department where fraud is easy and difficult of detection. For such a person the pay proposed by me does not appear to be too high, considering the Security of Rs.5000/- he is required to deposit. I may state also that, as a matter of fact, the pay of the place was Rs.125/-. Once when the work could have

have been only a fraction of what it is now. Vide paras 6 and 14 of the State Huzur Treasury Officer's Memo dated 9th July 1892, reviewed in Government Order.No.13847-48/G.32ld dated 16-2-1893. The work since then has considerably increased. There is the additional work relative to stock Branch and Copy papers recently transferred to this office. For detailed reasons please see previous communications on the matter from this office

(2). Whether instead of one additional Pressman on Rs.9/- the post of one Pressman on Rs.8/- may not be converted into one on Rs.9/- so that there may be five Pressmen on Rs.10,9,8,7 and 7, respectively?.

(2). The number was fixed in the light of actual experience. Five was found insufficient.

(3). Whether only one additional Counter is not enough the pay of the three Counters being fixed Rs. 15/-,12-1-15 and 10-1-12.

(3). Not enough. The transfer of Copy Stamps which are many lacs, I understand,throws considerable counting work.

(4). Whether the replacement of the Mutchi and Despatcher on Rs.10-2-12 by an Issue and Despatching Clerk on Rs.15-1-20 is required as the work to be done is mostly Mutchi's work.

(4). The work that this clerk is intended to do has very little to do with Mutchis work. His work relates almost wholly to handling of stamps when putting in and taken them out from

Commissioner of Stamps.

23.2.15

Letter No. 201 dated the 30th January 1915, from the Superintendent of Stamps in Mysore, Bangalore to the Commissioner of Stamps in Mysore, Bangalore.

----------000----------

I have the honor to invite your attention to my letter No 119 dated 19th February 1913, in the matter of a personal allowance to and the reduction of the Security of the Supervisor of my office.

2. The recent order of Government indicating the amount within which the excess expenditure involved in the re-organisation proposal relating to this office should be contained, == I regret to say, has come as a great disappointment to him in particular. For, the smallness of the amount allowed, viz., Rs. 75/-, does not admit of an increase adequate to his case.

3. I have already stated in my letter mentioned above, the redress of his grievances may be made independent of any == order the Government may be pleased to pass on the re-organisation proposal. His is a purely personal case and the latter really has no connection with it. Hence it was that I requested that it may be taken up by itself, and suggested a personal allowance. In view of the exceedingly moderate manner in which this office re-organisation proposal was obliged to be conceived, == I venture once again to press the matter, on which no orders == have been passed till now. To one occupying a very responsible position and discharging his duties conscientiously and to the complete satisfaction of every one of the officers under whom he has === served, the grant of a personal allowance, when for the past nearly == twenty years of his twenty-two years' service he has had no promotion, does not, I submit, violate any principle on which the

grant

grant of such an allowance is based.

Regarding the reduction of his security fo which he has been praying for a long time, as far as I can see, there appears to be no objection to grant his request. The stamp papers in his sole custody never at any time approaches half the security amount and the latter, without any risk, can be reduced to Rs 3,000/- (Rupees three-thousand). His petition in this matter also has been pending long with Government who might be kindly reminded of it and order obtained.

Commissioner of Stamps in Mysore.

23.2.15

Letter No. 119 dated 19th February 1913, from the Superinten-ent of Stamps in Mysore, Bangalore, to the Commissioner of Stamps in Mysore, Bangalore.

----------000----------

In forwarding an application from the Supervisor of my office praying that the amount of his Security may be reduced, I beg to submit the following;--

i. It will be seen from the previous correspondence on the subject (Vide the last portion of para 6 of this office No. 128 dated the 20th December 1906) that the Supervisor has been without any promotion for the past 17 years and 9 months-- a circumstance which I need hardly say is not calculated to keep up in any one, a continuous and uniform devotion to duty.

ii. My predecessor Mr. K. Krishna Iyer's proposal for revisi of the Establishment of the Stamp Superintendent's Office in 1906 operated to some extent as an encouragement to him and buoyed up his hope for an early amelioration of his condition. But unfortunately, over six years have elapsed and though the question of the Manufacture of Stamps, --pending the decision of which the proposal for the revision of this office Establishment was held in abeyance- appears to have been finally settled, yet the Government have not been pleased to pass orders on the latter question. Doubtless the delay must be on sufficient grounds and it is not my intention in this communication to request that they should be hurried in the decision of the matter, on the comparatively unimportant and purl personal ground of the Supervisor of this office suffering by the delay. What I now wish to point out is that his grievance might be redressed without pressing for a decision of the revision proposed

and

and irrespective of any order that the Government may be pleased to pass on them --I mean by the grant of a personal allowance.

iii I propose that the Supervisor may be given a personal allowance of Rs. 20/- with retrospective effect from the date of this proposal of revision --viz., 20th December 1906, or such other subsequent date as Government may be pleased to fix and request that you will kindly obtain the sanction of Government for the same.

iv. In making the above proposal, I am aware of the exceptional circumstances under which only a recommendation for a personal allowance should be made and am convinced that the case of the == Supervisor is pre-eminently fitted for the grant of the allowance.

SIR,

I have the honour to forward herewith duly verified two proposition statements for the revision of the establishments of the Stamp Superintendent's Office and the Stamp Manufactory with their covering letter No. 459 dated 30th January 1915 addressed to you on the subject by the Stamp Comissioner.

2. The proposition in regard to the Stamp Superintendent's Office is to

(a) Raise the pay of the Supervisor, Accountant, Press Foreman and two pressmen

(b) Revise the scale of pay of counters from 2 (15) to 3 on (12-1-15), (10-1-12) & 10

(c) Appoint additional hands viz., stamp issue clerk on Rs 15-1-20, Pressman on Rs 8/- Peon on Rs 7/- and a Pharash on Rs. 6/-.

(d) abolish the place of mutchi and despatcher and absorb the temporary establishment costing Rs 48/- per mensem.

The net result of these proposals is an addition of Rs 79½ to the permanent expenditure with a reduction of Rs 48/- under temporary expenditure of the State.

Sir,

I am directed to state that in G.O. No. Fl. 6789-90/S.R.19-13-18 dated the 20th May 1915 sanctioning a revised scale of establishment for the Stamp Manufactory and the Stamp Superintendent's office, a small mistake has crept in, one Counter on Rs.10/- having been omitted in the establishment sanctioned for the Stamp Superintendent's office. I am to request you to correct the copy of the G.O. sent to you by making this addition.
